

Introducing the WiTi Motorhome Alarm System

Ultimate Security

WiTi Motorhome Alarm System is a revolutionary alarm system designed specifically for motorhomes. If a motorhome is moved or bumped WiTi Motorhome Alarm immediately flashes all the lights and sounds an alarm. WiTi Motorhome Alarm will detect attempted break-ins via the door sensor and PIR motion sensor as well as attempted theft of the motorhome.

Features:

Flashes the lights

Intrusion detection

Sounds an alarm

GPS Tracker

For the ultimate security solution WiTi Motorhome Alarm can be upgraded with the WiTi GPS for tracking and alerting. WiTi technology has been designed to ensure peace of mind. Enjoy the ride and journey simply.

Features:

Alerts direct to smartphone

Odometer to track distance travelled

Live tracking

Fully integrated to WiTi

“ My insurance company offered me a discount for having a WiTi with GPS tracking installed. ”
